

PRODUCT INFORMATION

BEARIN' SEAL

CODE: M1616

PAGE: 1 of 1

DATE: 1/24/2008

FUNCTION AND APPLICATION: Stops minor oil leaks in front and rear main bearing seals, head gaskets and timing chain covers. Will not harm engine parts. Starts sealing action immediately.

OUTSTANDING PROPERTIES: Functions by impregnating and swelling gasket material which will in turn, stop minor leaks created by wear and overheating. Mixes well with all regular and synthetic motor oils.

USE DIRECTIONS: For best results, use immediately following oil and filter change. Start engine and warm to operating temperature. Add contents of container to oil and drive for 15 minutes. Leaks should stop within 48 hours. Continued leakage may indicate excessively worn parts, which may require mechanical replacement.

PRODUCT LIMITATIONS: Not intended as a repair for excessively worn parts and broken or cracked seals.

PRECAUTIONS: Contains (CAS#) Aromatic Petroleum Distillate (64742-95-6), Naphthenic Petroleum Oil Mixture (64742-52-5) and Chlorinated paraffin (63449-39-8). Harmful or fatal if swallowed. Eye and skin irritant. **FIRST AID:** If ingested, DO NOT INDUCE VOMITING! Call Poison Control Center, Physician, or Hospital Emergency Room Immediately. For inhalation, remove person to fresh air. If breathing become difficult, get prompt medical attention. For eye contact, flush thoroughly with water for 15 minutes while lifting eyelids and get prompt medical attention. For skin contact, wash thoroughly with soap and water. Remove contaminated clothing and launder before re-use. Consult a physician if adverse effects persist

STORAGE & HANDLING: Store in a cool place below 120°F away from acids, ignition sources and oxidizing agents. KEEP OUT OF REACH OF CHILDREN AND ANIMALS. Do not wear contact lenses. Keep away from ignition sources.

DISPOSAL: Dispose of container, residue, and excess product in accordance with all federal, state, and local laws and regulations.

CONTAINER DESCRIPTION: Packaged in 12-fl. oz. E-Z Pour plastic bottle.
